

# Digital Media Developers Group

## Nov. 7, 2002 Meeting Notes

### Old Business:

#### ITAB Report - Kay Dinolfo

- A link to the [ITAB meeting minutes](#) is provided for your convenience.

#### Web Guidelines Subcommittee Report - Kevin Lanahan/Lainie Martin

- Kevin has added some tutorials. The Guidelines are online at the DMD Web site.
- Send tutorials to Kevin or Erica for posting.

#### State Home Page & Multi-State Agency Projects (Standards/Recommendations)

- Sandy Ratliff gave an update on this document. Not much as changed. Josh will finalize the document and post on the DMD Web site.

### New Business:

- Kirk Keller and John Laker will give an summary of discussions from an XML Project/Conference at the December DMD meeting.
- There was discussion on the e-Gov initiative and what projects of modules of the State Portal will be implemented. It was recommended to research options for the funds since some of the multi-agency projects are stalled in production due to legal or financial situations. Most thought the Search Engine could be moved up in the priority list since the 4-5 database projects haven't started. Items to reconsider are Portal Navigation on the IBM Websphere similar to the Gossamer Threads, and XML tagging with multi-agency data integration.

### Agency Projects/Open Discussion:

- DESE is putting their .net out with an ASP front end.
- O/A has redesigned their Web site.
